I. Description

The City of North Canton seeks to continue to build a strong, objective, and mutually beneficial relationship with universities and colleges. Therefore, it has established an Internship Program to provide students with valuable work experience through internships in various City departments. Accordingly, upon advance, written, supervisory authority, department heads may utilize a single, central channel to request interns to assist in department operations while providing valuable work experience in return.

II. General Policies

A) City Policies

1) Staffing

The Program Administrator, appointed by the Director of Administration, shall oversee the Internship Program. The Program Administrator shall manage the functions described in this handbook not specifically assigned to employees. The department head requesting an intern is responsible for interviewing, selecting, and supervising their interns following the application process.

2) Resource Allocation / Compensation

A) No additional resources shall be allocated to departments requesting or utilizing interns.

Department heads bear sole responsibility for providing the space, resources, and supervision of their interns.

B) Interns may receive college credit hours from their educational institution as compensation for their work, and as a result, shall not be monetarily compensated for the same.

3) Duties Inappropriate for Interns

Interns should be used for tasks that contribute to the City. Interns shall not receive tasks that would not be reasonably expected of a full-time City employee.

4) Compliance with Labor Laws

All internships shall comply with the U.S. Department of Labor, Wage and Hour Divisions, “primary beneficiary test,” as described in Fact Sheet #71: Internship Programs Under the Fair Labor Standards Act. Courts have identified the following seven factors as part of a flexible test, and no single factor is determinative:

1. The extent to which the intern and the employer clearly understand that there is no expectation of compensation. Any promise of compensation, express or implied, suggests that the intern is an employee—and vice versa.

2. The extent to which the internship provides training that would be similar to that which would be given in an educational environment, including the clinical and other hands-on training provided by educational institutions.

3. The extent to which the internship is tied to the intern’s formal education program by integrated coursework or the receipt of academic credit.

4. The extent to which the internship accommodates the intern’s academic commitments by corresponding to the academic calendar.

5. The extent to which the internship’s duration is limited to the period in which the internship provides the intern with beneficial learning.

6. The extent to which the intern’s work complements, rather than displaces, the work of paid employees while providing significant educational benefits to the intern.

7. The extent to which the intern and the employer understand that the internship is conducted without entitlement to a paid job at the conclusion of the internship.

B) University Policies

1) Term of Internship

Each internship shall last for one of the intern’s educational institution’s academic semesters.

At least 135 hours of service is required to complete a full semester.¹ At the intern and department head’s request, the Program Administrator may approve work beyond the 135-hour threshold. An intern who serves for two consecutive semesters shall receive credit for two internships.

2) Evaluation Requirements

¹ Approximately 9 hours a week for 10 weeks.

Evaluations are crucial tools for positive internships and are further necessary for the intern to receive academic credit. Accordingly, supervisors shall provide interns with written evaluations at least twice a semester; preferably, one midway, and one upon conclusion of a semester. In addition, verbal feedback regarding performance should occur when appropriate. The Program Administrator will assist in reminding supervisors and interns of the evaluations at appropriate times and shall receive copies of all written evaluations.

3) Site Visit with Advisor

Upon the intern or educational advisor's request, the advisor may schedule and conduct a site visit together with the intern's supervisor to evaluate assigned tasks and work environment.

4) National Association of Colleges and Employer's Compliance

Internships shall follow National Association of Colleges and Employers requirements, which may change from time-to-time, and currently are as follows:

- a. The experience must be an extension of the classroom: a learning experience that provides for applying the knowledge gained in the classroom. It must not be simply to advance the operations of the employer or be the work that a regular employee would routinely perform.
- b. The skills or knowledge learned must be transferable to other employment settings.
- c. The experience has a defined beginning and end, and a job description with desired qualifications.
- d. There are clearly defined learning objectives/goals related to the professional goals of the student's academic coursework.
- e. There is supervision by a professional with expertise and educational and/or professional background in the field of the experience.
- f. There is routine feedback from the experienced supervisor.
- g. There are resources, equipment, and facilities provided by the host employer that support learning objectives/goals.

C) Compliance Statement

Interns are subject to, and shall comply with, the policies and procedures set forth by the City's employee handbook and all relevant federal, state, and local laws.

III. Procedure

A) Intern Requests

1) Authority to Request

With prior supervisory approval, department heads may request the Program Administrator create an internship posting.

2) Requesting Procedure

Intern requests shall be submitted to the Program Administrator through the Intern Request Portal maintained on a City-owned, Google drive, which shall notify the Program Administrator, who shall then process the request in accordance with the rules of this handbook. The current Intern Request Portal may be accessed at: <https://forms.gle/dcdqAK3eKV8uvsBx5>

B) Internship Posting

Upon receipt of an Intern Request, the Program Administrator shall generate an internship posting, which shall contain, at a minimum, internship title, requesting department, brief description of duties, how to apply, and preferred majors. This posting shall be returned to the requesting department to confirm accuracy. Once approved, the Program Administrator shall: cause the posting to be sent to appropriate university/college career centers; place it on the City's Handshake Application Portal; and, if appropriate, send it to any professor with whom a connection exists and whose students would be qualified for the specified internship position.

C) Application and Preliminary Screening

1) Application

To apply for an internship, a student must complete the application through the Application Portal. The Application Portal shall be maintained on a City-owned Google drive. Once submitted through the Application Portal, the Program Administrator shall receive notice and process the

application in accordance with the rules of this handbook. Portal access instructions shall be listed on all internship postings.

The Application Portal may be accessed at: <https://forms.gle/vdGv56iM7VM9Femh8>

2) Screening

Once an application is received, the Program Administrator shall cross-reference the application with the minimum requirements listed on the internship posting. If the applicant meets minimum requirements, the application and any supporting documents shall be forwarded to the requesting Department Head for consideration.

If no applicants meet the minimum requirements by the scheduled posting removal date, their applications shall be forwarded to the requesting Department Head.

D) Interview and Hiring

After the Program Administrator's initial screening of applicants, potential interns shall be interviewed, and hired at the direction of the Director of Administration.

E) Posting Removal

Internship postings shall be retracted from Handshake application system, the Application Portal, contacted university and college career centers, and from any applicable professors upon the Program Administrator notice that a candidate has been hired for the position. If no interns have been hired within one week prior to the first day of the semester for which the internship was intended, similar retractions shall be sent to the identified recipients.

F) Work Credit

No intern shall be denied credit for work truthfully and faithfully completed through this program. And although bound by applicable copyright and patent laws, interns may freely use non-confidential work in professional portfolios.
